Dear Sir/ Madam,

Greetings!

The Municipality of Tagudin in corroboration with the Municipal Council for the Protection of Children (MCPC) had motivated a project that would cater to children with special needs and is dubbed as “Adopt a Special Child”.

With our great desire of improving the lives of these children, through social awareness and a better hope for their healthier and wealthier future. I wish to earnestly beseech your benevolence by sharing with our beneficiaries your countless blessings and abundance.

And since the cold breeze of Yuletide Season is just around the corner, may I also then encourage you to bring about joy to our eighty three (83) “adopted children” in a Christmas Party that we wish to hold for them on December 15, 2006.

In adhering with our cause of giving a better hope and bringing joy to these children through your generosity would make them feel and realize the beauty of life in spite of their infirmity.

I am hoping for your out-pouring support on our noble cause.

Thank you very much and more power!

Sincerely yours,

(Sgd.) CORAZON L. VILLANUEVA
